"Here Comes The Sun..." Maryclaire Kretsch

England. April 1969. The winter was particularly cold. February and March were colder than the norm. The cloudy skies and bone chilling winds seemed to never end. George Harrison, infamous Beatle, was weary; tired of the winter.

It was also a difficult time at Apple Records. Brian Epstein, the trusted manager of the Beatles, passed away in August 1967. His passing had a profound effect on the group. John, Paul, George and Ringo took over the financial and management issues. George Harrison described Apple Studio as becoming less a place to create music and more like a school. "Sign this, sign that....surrounded by accountants."

One day in early April, having had his fill of both winter and Apple, George decided to "sag off" Apple Records. He went to visit his good friend, Eric Clapton. The relief of not dealing with the business at Apple was wonderful, he explained. "By the time spring comes, you really deserve it" he said. So George enjoyed the glimmer of spring as he walked around the gardens at Eric's home. With Clapton's acoustic guitar in hand, there in the garden, early in April 1969, George wrote "Here Comes the Sun".

Date from meteorological station in the London area show that April 1969 set a record for sunlight hours for the 1960's. The Greenwich Station

recorded 189 hours of sunshine for April that year, a record that wasn't beaten until 1984.

Today, the temperatures are expected to reach 60 degrees. The sun is shining and The Friends of The Arc Auxiliary have brightened the holiday with a mix of nearly 400 lilies, hyacinths and tulips. Fifty children giggled their way through the Easter Egg hunt. Governor Wolf presents a proposed state budget that offers more light and more hope for community services than we have seen in years.

"Little darling, it's been a long cold, lonely winter. Here comes the sun.....It's alright".

Carrie Akers gave a beautiful tribute to the life of Mr. Ed Rielly. Family and friends joined in the ceremony and participated in a very touching balloon release. Ed, you will forever be a part of The Arc family and we will always think of you.

President's Message

Happy 60th to The Arc-NEPA!!!! PNC Bank, Toyota of Scranton and Mark Lynn, Abington Planning Group sponsored an Evening Reception at the Radisson to kick-off the Anniversary and we are extremely grateful for their generosity. The cocktail party was on Thursday, January 29th.

PNC Foundation generously awarded The Arc a \$15,000 grant to begin improvements to one of the CLA kitchens. Thank you, Peter Danchak and PNC Foundation! Mr. Danchak, Anniversary Chair, has been very instrumental in assisting us to secure more help with the Capital Campaign as well.

Also, Edith Trees Foundation approved our grant request for \$50,300 which will be very helpful in completing many repairs and renovations in five sites. Their support is outstanding and we are so pleased with their commitment to The Arc. We have made two more grant requests in February to Community Foundations to have additional work done in the CLAs. Many needed repairs

will be made with the generosity from the community.

Please mark your calendars...The Gala event will be on Thursday, October 22nd at Fiorellis, Peckville. Many details to come your way but don't be surprised when Magic is in the Air...!

Also, The Arc was chosen as one of the organizations being featured in the Scranton Area Foundation's Match Day on May 1st. Twenty-five agencies are participating and each of us will be receive up to a \$1,000 in matching funds. The details are listed in this newsletter.

The End of the Year Foundation donations were earmarked for Capital Improvements and were very successful with donations. Several grant donations came in and we have already started many of the needed renovations. Since the end of the year Foundation ask, we are hoping to raise \$120,000 and we are proud to announce that we are more than halfway there. We will have an update on the goal at the Gala.

Sincerely,
Ken Doolittle, President

Exec's Corner

Thank goodness spring is right around the corner. Old Man Winter just doesn't want to let go, but mark my words, the end is in sight.

This is such an exciting year for us, the 60th anniversary of The Arc of Northeastern PA. As you know, lots of things are happening. 2014 ended with a very successful appeal for the foundation that generated \$11,000. PNC and Foundation board member, Pete Danchak, pledged \$15,000 to kick off our Capital Improvements Campaign. The formal kickoff at the Radisson on January 29th was a smashing success. We are steadily moving forward and know that we will surpass our community goal, as well as our requests from many foundation.

Each event this year will somehow tie into the 60th anniversary: The Mass of Awareness at the Cathedral, the Easter Flower sale, our June 6th Golf Tournament at the Country Club of Scranton, and many, many others. The Gala event is scheduled for Thursday evening, October 24th at Fiorelli's. Please join us for these exciting events whenever you can.

The other issue I wanted to mention is the proposed state budget presented by Gov. Wolf on March 3rd. At this time, it appears that the Governor has recognized the tremendous needs of people with Intellectual Disabilities in PA. The budget is not perfect of course, and there is no across the board cost of living increase, but there should be additional money in this budget to serve more people on the waiting list, to restore some funding cuts and provide additional waivers for people with ID and Autism. A breakdown follows, thanks to Maureen Cronin, our PA state exec and her staff for their rapid analysis.

Our first snap shot of the budget:

Governor Wolf has proposed a \$29.9 billion budget for Fiscal Year 2015-16. This would increase state expenditures by \$777 million (2.7 percent) over the current fiscal year, which is \$148 million less than the increase proposed by former Governor

Corbett in the previous budget cycle.

Department of Human Services, Office of Developmental Programs

- No increase for Infant/Toddler Early Intervention. (the Department may not be anticipating an increase in children)
- \$18.9 million to offer waiver services for an additional 1,000 individuals with intellectual and developmental disabilities.
- \$372,000 to offer waivers to 50 adults with autism. (this seems very low so we need to check into this)
- \$144.9 or 13.6% increase in funds to provide home and community based services to more than 55,000 individuals with intellectual disabilities, including \$4.8 million in funding to restore funding cuts that occurred in 2012-13. Funding would be added over the next three years to further offset these cuts.
- \$8.2 million – 6.2% increase for State Centers in 2014-15 (last year they had a 10.6% increase)
- \$952,000 for to transition 75 individuals currently residing in state intellectual disabilities centers to the community.

Department of Labor and Industry Office of Vocational Rehabilitation

- \$5 million increase in state funds that will leverage an additional \$20 million in federal funds, intended to draw down the full available federal match for OVR and provide increased employment opportunities for Pennsylvanians with disabilities.

Department of Education

- \$100 million increase to special education, which would be distributed according to the new Special Education Funding Formula.
- No increase in Preschool Early Intervention.

That's all for now. Happy Spring!

Respectfully,
Don Broderick, Executive Director

Pictured: Don Broderick, Alexandria Alfano, Eileen Williams

Miss Alexandria Alfano raised \$500 for the Auxiliary as part of her Senior project, plus she volunteered several hours to help with office work. This young woman was wonderful to work with and she was so cheerful and vivacious. We are so thrilled she chose us to work with and help. Thank you very much Alexandria!!!

Blood Drive

The Arc's Adult Day Service recently partnered with Geisinger Blood Center to host our first ever blood drive. The blood drive was held in the Pre-Vocational room at our Meadow Ave. location on February, 20, 2015.

Thirteen members of our staff were able to donate one pint of blood each. One pint of blood can save the lives of three people. Since donations collected by Geisinger Blood Center are distributed locally, that is 39 lives in our community saved by our staff!! I would call that a success.

We would like to extend a Thank You!! to Geisinger Blood Center and we are excited to see this new relationship bring continued success in the years to come!

NEPA Match Day

The Scranton Area Community Foundation is excited to announce the first ever NEPA Match Day! Held this year on the First Friday in May: 5/1/2015, NEPA Match Day is an exciting and original initiative. Our partners are working together as a collective on this important day, hosting joint events and running special activities throughout our region.

Our nonprofit partners do phenomenal work in our region. The efforts of their volunteers and employees provide assistance, education, and support services that touch nearly every facet of life and truly make NEPA a better place to live. Honorariums

Celebrating birthdays, anniversaries, special events are all beautiful moments to be honored and cherished. Remembering your loved ones, friends, neighbors, co-workers is a wonderful way to let them know how much you care and that you are thinking of them. We can help relay those messages for you.

When you send The Arc a donation along with the name of the person(s) being honored, we will send a pre-printed card to the honorees, letting them know that a donation was made in their name and who sent the gift. It's a great way to say, "I Care" and benefit The Arc!

Memorials

We also have a Memorial Program which sends your sympathy and condolences when a loved one passes away. We are here to assist you in making your wishes known.

February 6, 2015

Dear Arc Co-Workers and Administration,

I have worked at The Arc for 13 years now and in all of these years, Arc and its employees have been my extended family. I knew I worked with amazing people but these past 4 years, I have been blessed by these amazing people. I have been loved and taken care of by everyone, past and present of The Arc and beyond.

I have had many personal tragedies in my life and if it wasn't for The Arc, their employees and the administration, I honestly don't know where I would be. No matter how many times I fell down, everyone was there, in many different ways, to help pick me back up. I can't express the gratitude I have felt and feel to this day for having such wonderful people in my life.

God knew when He guided me here 13 years ago that I would have all of you to help me through my life's challenges. I am proud to be an Arc employee and am blessed to have many wonderful people circling me and holding me up. You are not co-workers to me, you are part of my family and I love you all.

God bless each and every one of you for being a blessing in my life.

Act of Heroism

Pictured - Kelly Peters, Shannon Morales, Deanna Decker, Don Broderick, Pat Quinn

On February 25, 2015 while on a community outing with the Arc's Monroe County Community Outings program, both Deanna Decker and Shannon Morales featured above, were quick acting in saving the life of one of the program participants. During lunchtime at a Friendly's restaurant in Stroudsburg, a program participant began to choke on a piece of food that ended up being lodged in her airway. Using

techniques they were trained on in January 2015, both Deanna and Shannon in a team fashion quickly responded by providing back blows and abdominal thrusts to dislodge the item from the individual's airway. 911 was contacted and the program participant later checked out in good health from the hospital. For their quick acting, heroic response, the Arc would like to recognize both Deanna Decker and Shannon Morales.

The Arc was proud to receive \$4,873 in Dress Down proceeds which was donated from the Scranton School District! We recently had a group home that was badly damaged by a fire. These proceeds will help to

cover the completion of a handicap accessible bathroom.

We are so proud of the Scranton School District students and staff for helping The Arc and the people we serve.

Arc Update

The Mass of Awareness to celebrate Intellectual and Developmental Disabilities was held on Sunday, March 1st at St. Peter's Cathedral at 10:00 a.m. The Bishop gave a very nice homily and mentioned The Arc several times. We were also allowed to use the back cover of the program/bulletin to announce our 60th Anniversary.

Easter Egg hunt with PODS was on Saturday, March 28th. There were children everywhere laughing, coloring, hugging the bunny, eating candy and having a great time. There were lots of eggs and prizes. Thank you so much to the PODS, Mari Pizur and the Recreation Department and the volunteers for making this event such a sweet success!

Include Me, An Initiative of The Arc of Pennsylvania

Mikayla and Kimberly Resh were joined by US Senator Bob Casey Jr. at a recent Mikayla Assembly last month. Senator Casey read to the students of Neil Armstrong Elementary in Scranton, PA to teach them the importance of inclusion.

The Include Me program invites Mikayla's Voice non-profit to come to schools in order to educate children about inclusion and its importance. The Mikayla's Voice assembly inspire kids to get involved and ensure that everyone is included in all activities. Kids learn about Mikayla through Our Friend Mikayla, a book written by her classmates. Students are also given an opportunity to ask Kimberly Resh and her daughter, Mikayla, questions about Mikayla's life and her disabilities. This type of candid Q&A

offers children a unique opportunity to develop a deeper understanding of living with disabilities and why acceptance and friendship are important to everyone.

Valentines Day is Extra Sweet at The Arc!

The Friends of The Arc will sponsor a bake sale on May 1st to help raise money that will benefit the 60th Anniversary Capital Improvements Project. Every dollar counts and with your help we can reach our goal and complete several building improvements. We have identified bathrooms, kitchens, driveways, ramps, roofs, windows, etc. that once replaced, repaired, renovated will improve the quality of living, day program and recreation space for the children and adults we serve. We cannot thank you enough for your continued generosity.

Leave a Legacy – Estate Giving Program

Remembering...

The Arc's founding parents, concerned community members and friends have passed on a legacy of commitment to a new generation. Today, we seek to sustain this legacy.

Building...

Looking toward tomorrow may often be intimidating, but at The Arc we continue the mission and grow with the needs of the children and adults we serve.

Leaving a Legacy...

By giving a gift to The Arc, you are ensuring a bright future for the people served in our programs. Estate giving allows for a variety of ways for individuals to choose the support most appropriate for planning their legacy: Outright cash gifts, designated life insurance policy, bequests, real estate.

We appreciate your kindness you show on an annual basis. As we move forward today and throughout the year, we also need to be remembered as we go into the future. With your generosity, we can continue offering the services to the individuals who need them. If you would like to explore a method of giving that is right for you, please feel free to contact us and we will be happy to meet with you. For specific financial or legal advice, please consult with an attorney or financial planner.
